There are several ways of making an impression—
Here's one way. Another is by vamping his wife. But to make the kind of a hit that cleans up the bases—lead him to the one place where he can get the kind of duds he wants—Woolf & Bean's shop in the Alexandria. Snappy shirts, socks, caps, hats, ties.

MARINES USE AIRSHIPS
IN PURSUING BANDITS.
INCIDENTALLY THE AMERICAN
FLYERS SCARE SANTO
DOMINGAN NATIVES.
WASHINGTON, Aug. 25.—The American marines in Santo Domingo are using the airplane in successful operations against bandits and incidentally have scared some of the old Santo Domingan natives out of their wits.
"Evil birds" is the description given the marine airplanes by the natives who refer to the bombs dropped by the aviators as "the evil birds' eggs."
In a report to the Marine Corps by Capt. Walter A. McCaughy on the success of aviation operations against bandits, he says that some of the natives, after witnessing operation of the "evil birds" and witnessing explosion of the bombs, dug up the bones of their ancestors, boiled them and drank the broth to charm away the terrible visitors.
Capt. McCaughy, who is in charge of aviation operations of the island, said six bandits were recently killed by Marine Corps aviators.
NO NEWLYWEDS LATEST
APARTMENT-HOUSE BAN.
KANSAS CITY, Aug. 25.—The new wrinkle in apartment restrictions barring Mr. and Mrs. Newlywed from their apartments, appeared yesterday in this want ad:
"Four beautiful five-room apartments, on boulevard, fine location, price reasonable, no children, no dogs or birds. Must have character references."
The owner explained today: "I count them newlyweds until they have been married five years," he said. "It takes that long to learn to keep house. There are exceptions to the rule. But the average newlywed runs an apartment in a short time."
Recounting the wars in which a newlywed housewife harms an apartment the owner included failing to unwrap every package that comes from the grocery store, failure to tear the paper off of cans, driving nails into the walls, and tacks into the floors. Bugs, roaches and what-not come in to a house under the wrapping of tin cans, he asserted.
MAN WITH LIMP IS
HELD AS MURDERER.
PHOENIX (Ariz.) Aug. 25.—Nick Rigles, a local Greek, was arrested today and charged with the murder of Harry Creme, a gambler, who was shot and killed here last Monday night. While the authorities are somewhat reticent as to what evidence they have against Rigles, it is understood that he admits ownership of the hat that was found on the stairway near the body of Creme, and he limps badly, thereby fitting the description of the man who was seen making his way toward the railroad yards after the murder. He denies any connection with the natives, after watching admitting that he frequented the gambling place conducted by Creme.
OLD FIGHT BOBS UP
The Adiant-Gentle fight bobbed up again today in a further action by the War Department at Washington. It requested the Postmaster-General to instruct the local postal officials to deliver to the Governor all mail addressed to the Adjutant-General of Arizona. "This means that Charles W. Harris, who is still contesting in the courts for the position, and still claiming to hold it in spite of the new appointment, Capt. Harris is still maintaining an office and paying the rent himself, and the matter is still before the courts, but probably will not be settled before the fall term."
The sale of surplus army food here is going forward in good shape in the post office, with a large stock still available. Deliveries have as yet been made.
FOR DECENT QUARTERS.
A united appeal of the police judges was made to the City Council yesterday for further consideration of the matter of providing funds to "cleanse the deplorable condition" of the Police Court rooms at the City Jail building. Attention was called to the fact that the subject has been sidetracked, although estimates, etc., have been made for the work of putting these courtrooms in a more presentable condition.

Strikers Fail to Lure Away Loyal Santa Fe Crew.
Practically All Passenger Trainmen Stand True.
By consolidating five transcontinental trains into one extra train, all the passengers on the Santa Fe system who had been marooned at Barstow last night, arriving here at 6:57 o'clock. The train consisted of three express cars, two passenger cars, one mail car and seven day coaches.
All the five trains were from the East and are known as No. 1, due here at 8:30 a.m.; No. 7, due at 12:45 p.m.; No. 9, due at 11 a.m.; No. 17, due at 8:30 a.m.; and No. 2, due here at 8:30 p.m. Engine No. 941, of the Arizona division, in charge of Engineer Cook and Fireman Riggs, pulled the train into this city.
The regular trains arrived at Barstow at different hours during the day, and the passengers were taken from the Pullman cars, which were loaded to the East, and loaded into the day coaches to complete the journey. The officials did not explain the reason for the change of coaches.
No particular difficulties were encountered by the train crew on the trip, according to I. L. Hibbard, assistant general manager of the Santa Fe system, who kept constantly in touch with the movement of the train by telephone.
Fireman Riggs reported at the depot, when the train arrived here, that members of the railroad brotherhood had attempted to induce him to leave the train at San Bernardino and again at Upland. It was reported at the station last night that the railroad brotherhood had also sent a delegation to Barstow for the purpose of discouraging the engine men from bringing the train over the lines, but that they arrived after the train was well on its way to this city.
It was also said the train was manned by the regular crew. The conductor and brakemen, it is said, are all regular employees of the Santa Fe system and the company would not tell the men's names.
Practically all the passenger conductors and brakemen of the system, however, are reported for work daily without waiting to be called.
"Judging from the present indications," Mr. Hibbard stated last night, "there will be no trouble to run passenger trains tomorrow out of this city."
A notice reading, "There are no prospects of a train service out of Los Angeles on the Santa Fe today," is displayed in several prominent places at the Santa Fe station.

degree, if we are to accomplish the first tasks of peace. They are more difficult than the tasks of war—more complex, less easily understood, and require more intelligence, patience and sobriety. We mobilized our man power for the fighting, let us now mobilize our brain power and our conscience for the reconstruction. If we fail, it will mean national disaster. The primary first step is to increase production and to facilitate transportation, so as to make up for the destruction wrought by the war, the terrible scarred it created, and so as soon as possible to relieve our people of the cruel burden of high prices. The railways are at the center of this whole process.
HINDRANCE SEEN.
The government has taken up with all its energy the task of bringing the producer to book, making the stocks of necessities in the country available at lowered prices, stimulating production and facilitating distribution, and very favorable results are already beginning to appear. There is reason to entertain the confidence that the substantial relief will result, and result in increasing measure. A general increase in the level of living is well grounded, and might defeat all this at its very beginning. Such increases would inevitably raise, not lower, the cost of living. Manufacturers and producers of every sort would have additional pretext for increasing profits, and all efforts to discover and defeat profiteering would be hopelessly confused. I believe that the present effort to reduce the cost of living will be successful, if no new elements of difficulty are thrown in the way; if I consider the count upon the men engaged in the service of railways to assist, not obstruct. It is much more than their interest to do this than to insist upon wage increases which will undo everything the government has achieved. They are good Americans, along with the rest of us, and may, I am sure, be counted on to see the point.
It goes without saying that if our efforts to bring the cost of living down should fail, after that we have time enough to establish either success or failure, it will of course be necessary to accept the higher cost of living as a permanent basis of adjustment and railway wages should be readjusted along with the rest. All that I am now urging is, that we should not be guilty of the inexcusable interference of making permanent increases in wages on the assumption that the present cost of living will be making at the very time that we are trying with the greatest confidence to reduce the cost of living and are

COUNCIL IS AWAITING REPLY FROM RUMANIA.
[BY CABLE AND ASSOCIATED PRESS.]
PARIS, Aug. 25.—The supreme council today discussed Rumania's attitude in the Hungarian situation and sent Rumania another note saying the council impatiently awaited reply to the note sent Saturday concerning reparations.
The council discussed the response to the Austrians but did not complete the text of the reply, and will consider it again tomorrow.
Some changes are being made in the treaty in compliance with the Austrians' request. Austria will be treated simply as an enemy country despite the fact the government is now. It will be required to bear reparations alone, but the pre-war debt and the war expenses will be apportioned among the new countries which have grown out of Austrian territory.

WITHHOLDS OPENING
BECAUSE OF THREAT
(BY A. F. NIGHT WIRE.)
CHICAGO, Aug. 25.—George
Tyler, manager of "The Firing Line"
which was to have opened
at the Blackstone Theater, an-
nounced the opening had been
held because veiled threats had
been made against the members of
the cast and to destroy the theater
the show opened. Leaders of
the Equity Association ridiculed
the statement.

Tonight Manager Tyler issued
statement that transfer company
had refused to move the scenery
to the theater. The transfer
company, according to Tyler, said
threats had been made against
them if they moved the scenery.

Mr. Tyler said he would open
engagement before the end of
week, despite what he called the
fair tactics of the striking
scenery.

LOST AVIATORS NEAR ENSENADA

Merchant Sighted Machine on
Day it Disappeared.

Maneuvering for Landing
Over Rough Mountains.

Country is Being Combed for
Missing Flyers.

(BY A. F. NIGHT WIRE.)

SAN DIEGO, Aug. 25.—An air-
plane, believed to be the machine
manned by Lieut. Frederick Water-
house and Cecil H. Connelly, the
Rockwell Field aviators, lost since
Wednesday, Aug. 20, was sighted
maneuvering above the Siete Valles,
about fifteen miles southeast of
Ensenada, L. C., Wednesday after-
noon.

The report was submitted to the
commanding officer at Rockwell
Field by Maj. R. Ferrer, who ob-
tained the information from E. A.
Sawday, a prominent merchant of
Ensenada. Maj. Ferrer was in
charge of a detail of soldiers comb-
ing the country surrounding Tecate
for trace of the missing aviators
when he met Mr. Sawday.

A squadron of four De Havilland
airplanes equipped with 400-horse-
power Liberty motors was dispatched
to scour the Ensenada country.

THOUGHT IT MAIL PLANE.
According to Sawday, the plane
was sighted late Wednesday after-
noon maneuvering above the Siete
Valles (seven valleys) about fifteen
miles southeast of Ensenada. Saw-
day said he and his party paid no
particular attention to the plane, as
they had been informed several
times by representatives of Estaban
Cantu, Governor of Lower Califor-
nia, that the authorities intended
to establish an airplane mail service
between Ensenada and Tia Juana,
and believed it was one of the planes
on its initial flight.

Sawday, according to the story
told by Maj. Ferrer, noticed that
the machine was maneuvering as if
attempting to land, but it soon dis-
appeared on the other side of the
mountains which form the back
hills of Ensenada.

It was the opinion that it would
be difficult for the plane to make a
successful landing in any part of
that country, as it was very moun-
tainous and rocky. If the aviators
landed in this region and escaped
unhurt, they would have difficulty
in reaching Ensenada as there is
practically no roadway and the
mountains are thickly wooded and
offer considerable difficulty to peo-
ple attempting to travel.

Members of the Sawday party
who saw the machine in the air
were of the opinion that the air-
plane was near San Quintin Val-
ley, which is about fifty miles south-
east of Ensenada and about 100
miles south of Tecate, when they
last sighted it maneuvering as if
being forced to make a landing.

Although reports to Rockwell
Field up to 4 p. m. today failed to
contain any news of the where-
abouts of Lieut. Frederick Water-
house and Cecil H. Connelly, missing
since last Wednesday, an announce-
ment was made at that hour which
greatly encouraged the search.
NEW SEARCHERS ORGANIZED.

Lieut.-Col. H. L. Watson, who has
just taken command at the army
aviation field, made public the fact
that a new searching party doubtless
would be organized as the result of
the co-operation of Gov. Estaban
Cantu of Lower California. To ar-
range for this searching party, which
if the plans go through will have
its base at Ensenada, Lower Califor-
nia, Col. Arthur J. Hanlon, who
has just relinquished command at
Rockwell Field, started with three
other aviation officers for Ensenada
today by automobile to confer with
Gov. Cantu. It is planned to use
cavalry and motor trucks in the En-
senada expedition.

Word was received from Gov.
Cantu at Rockwell Field that he
had ordered all his soldiers in
Lower California to assist in the
search for the missing aviators, who
are thought to have sped south from
a point near Jacumba to reach a
landing place, sought as the result
of engine trouble in their airplane.

Four airplanes, which started to
Yuma from Rockwell Field on bor-
der patrol duty today were forced
to turn back at a point near Jacumba
as the result of a heavy rainstorm.

TROOPS CROSS BORDER.
(BY A. F. NIGHT WIRE.)
EL CENTRO, Aug. 25.—A force
of infantry, cavalry and aviators ar-
rived here last night and encamped
at Jacumba Springs, Brevard, and
near this point, preparatory to start-
ing today on a further search for the
missing aviators. Lieut. Waterhouse
and Connelly. Early today most of
the troops left for Lower California,
with the intention of making a thor-
ough search of every section of that
country.

Four airplanes, bearing army in-
signia, passed here late yesterday,
headed toward Yuma, Ariz. Army
men said they were doubtless the
planes dispatched from Rockwell
Field to enter the search from
Yuma.

CANTU TROOPS IN SEARCH.
(BY A. F. NIGHT WIRE.)
CALEXICO, Aug. 25.—Fifty men
of the cavalry post here left early
today for Lower California to join
the search for the missing army av-
iators, leaving only a squadron
camp. Col. Hipolito Baganca, com-
manding the Cantu troops in Lower
California, also re-entered the
search, sending out about 200 troo-
pers yesterday, and joining them
himself early today. Col. Baganca
was expected to return to Mexicali
across the line from here late to-
day. He said before leaving that
he would bring a report on territory
covered and indications found
at that time.

TAILORING OFFER OF
THE SEASON

\$7.50 PANTS (worth more)
GIVEN NOW TO YOU
ABSOLUTELY FREE!!

We have been working for months in building up an effi-
cient tailoring organization. We have established our own
workrooms. We have the most skillful workmen that
money can procure and we have done all this with the aim
of tailoring better suits at a lower price. We now have a
corps of the best fitters, cutters and designers in this coun-
try and we must take some drastic steps to keep this organ-
ization intact during these summer months. To keep these
men busy during this dull period, we are going to make this
most sensational offer. A special advertising offer for a
short time only.

We cannot lower the price of our suits because our
price of \$25.00 touches rockbottom now, but we can give
you our profits. Here is our offer—with each \$25.00 suit
of clothes ordered we are going to give an extra pair of
pants free. Yes, absolutely free to you. For months past
our pants for \$7.50 have been the marvel of the clothing
business. Pants that would actually cost you elsewhere
nearly twice what we were asking, and now we are giving
them to you free with every suit for \$25.00.

A tremendous volume of business through our chain of
stores and our low second-floor, upstairs rent has enabled
us to make suits to measure for \$25.00 when other tailors
are asking twice as much and more. We have made good,
however, and our straight-from-the-shoulder, honest, fair,
square, non-profiteering methods have won out.

This special free pants offer carries
with it the very highest standard of
tailoring, the very best the house af-

Progress

With remarkable swiftness and smoothness the Hibernian Savings Bank has carried out the purchase and absorption of the business of the California Savings and Commercial Bank and is preparing to carry out other measures of progress and growth.

Other improvements will be made besides the changes in the main banking quarters, which were announced several weeks ago. The progress of these will be announced from time to time.

We are still using both floors at the main bank and will continue to do so at least until improvements are carried out.

Service is good and running smoothly and we are enjoying and appreciating an increased business and more widespread patronage.

We seek commercial as well as savings accounts at all of our six locations.

We call your attention to our branches, which will be strengthened and improved, and solicit your business for them in their neighborhoods.

Tourists and newcomers, as well as old residents, are invited to note that the office of the secretary of the Federation of State Societies is located in the lobby on our main floor and is headquarters for information.

Manchuria and Mongolia Excluded from Consortium.

Reactionary Forces Sway Japanese Cabinet.

Question of Loans to China Causes Cleavage.

(BY CARL AND ASSOCIATED PRESS.)
TOKIO, Friday, Aug. 23.—It is reported that at the meeting yesterday the Imperial Cabinet, upholding the opinions advanced by the military element in the government, decided to insist upon the exclusion of Manchuria and Mongolia from the consortium by which the United States, Great Britain and France and Japan will assume a dominant position in the finances of China. It is said that negotiations will be resumed with the powers on that basis.

The Asahi Shimbun says that Viscount Uchida spoke in favor of Japan's unconditional entrance into the consortium, explaining that if Manchuria and Mongolia were excluded from the scope of the agreement it might be interpreted as showing Japanese designs upon China and might obstruct loans which are urgently needed by China. He is reported to have expressed the belief that such an impression would be inimical to the interests of Japan and might place the nation in a position of complete isolation, adding that on the contrary Japan's unconditional adherence would remove suspicion on the part of China and the powers concerning Japan's supposed aggressiveness.

It is understood that leading bankers now are urging the acceptance of the American proposal but the military groups fear to jeopardize special political interests in Manchuria and Mongolia.

TO MAKE CHINA LOAN.
(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 25.—Organization of a new consortium for financing Chinese loans was announced in Paris in May. While the United States, Great Britain, France and Japan will assume a dominant position in the finances of the loan will not be limited to those countries.

Under the plan funds for China will be advanced by a group of bankers in each of the countries. Thirty-seven American banks are interested.

Recent Japanese mails have brought to Washington reports of discussions in the Japanese press of the proposed consortium, which to officials here indicates the issue has become one of the greatest importance as affecting the relations of Japan with other nations, and especially with the United States.

The consortium was an American conception, brought forward by certain international lawyers as a means of maintaining the open door in China, which they believed to be threatened by the construction placed by Japan upon the Lansing-Ishii agreement recognizing Japan's special interests in China. To counteract that without Japanese participation the part of certain elements in Japan, the State Department did not hesitate to approve the consortium and to assure American financial interests of its support.

From its inception the project was subject to controversy in Japan, but by steady pressure and appeals to the business interests of the country and to the more liberal younger elements, the Hara administration secured sanction for Japanese participation.

The militaristic factions in Japan, reluctant from the first, now appear to have drawn the line at the surrender of what they insist are Japan's exclusive rights in Manchuria and Mongolia.

Latest Tokyo advices were that Premier Hara was trying to stem this tide of opposition. The decision of the diplomatic council against the government's attitude, however, may oblige the government to change its position and notify the other party powers that Mongolia and Manchuria must be omitted. In far eastern circles in Washington the opinion is expressed that without Japanese participation the consortium is doomed to failure.

REACTIONARY STRUGGLE ON.
(BY CARL AND ASSOCIATED PRESS.)
TOKIO, Thursday, Aug. 21.—A quiet, but determined struggle now is under way in Japan between the military and reactionary forces of the empire and the liberals over the general question of China. The bureaucrats insist that Japan should retain all the special preferential rights she has hitherto gained in China, and oppose concessions urged by groups which seek to calm world opinion concerning Japan's alleged aggressiveness.

The diplomatic advisory council yesterday discussed the Shantung and consortium questions. According to the newspapers several members criticized the Foreign Office for undertaking to abandon the exclusive Japanese settlement of the

Shantung matter without consulting the council, which is supposed to advise the government in such matters.

According to the Asahi Shimbun, Maj. Gen. Tanaka, Minister of War, advocated the exclusion of Manchuria and Mongolia from the consortium, even if that step meant that Japan should not join the loan group, consisting of the United States, Great Britain and France, besides this country. He is said to have declared it was necessary to guard Japanese preferential rights and her privileges of economic emigration for military reasons, including national defense. Another member is reported to have ironically remarked that if "Japan" member went ashore when the vessel was under way, she would eventually be obliged to abandon even Korea.

Considerable attention is paid by the press to the popularity of Admiral Baron Minoru Saito, the new Governor of Korea, and his liberalism also is given special prominence. He is reported to have declared that the disturbance in Korea were due to military rule. At best, the appointment of Admiral Saito is regarded as a compromise, and confidence is expressed that he will inaugurate extensive reforms.

PLANS OF ARGONAUTS ARE UPSET BY STORM.

PARTY OF ADVENTUROUS GOLD HUNTERS IN ARCTIC IN STEVENSON'S SHIP.

(BY A. P. NIGHT WIRE.)
NOME (Alaska) Aug. 1.—(Correspondence of the Associated Press.) Storms in the Arctic Ocean upset the plans of twenty-nine adventurers who sailed from this port last month aboard Robert Louis Stevenson's old schooner, the Casco, bound for some mysterious gold country believed to be in northern Siberia.

Shortly after the Casco picked its way through the ice in Bering Strait and anchored in the Arctic Ocean the party lost its leader, R. L. McGirk, a mining engineer of Hamilton, Tex. McGirk and another member went ashore when the vessel anchored, presumably to hunt, and while they were inland a storm came up and forced the Casco to put to sea. Nothing has been heard of it since.

McGirk and his companion cast away were forced to live on the diet of the northern Siberian natives for a time. In a few days the United States coast guard cutter Bear here in sight and picked them up.

The two men arrived here today on the Bear. Their future plans are uncertain. They do not fear for the safety of the Casco and the twenty-seven men aboard as the schooner's master, Captain C. L. Oliver, is considered an excellent navigator and probably rode the storm safely.

BUILD STEEL VESSELS FOR PRIVATE ACCOUNT

(BY A. P. NIGHT WIRE.)

PORTLAND (Or.) Aug. 25.—Five \$500-ton steel vessels, the same type as were built during the war for the Emergency Fleet Corporation, will be constructed, immediately by the G. M. Standifer Construction Company at the corporation's Vancouver yards for its own account. This announcement was made today by G. M. Standifer.

Whether they will be sold in America or abroad, Standifer declared, will depend on the situation of the market when they have been completed.

RAIL TELEGRAPHERS TO DEMAND PAY RISE.
(BY A. P. NIGHT WIRE.)
ST. LOUIS, Aug. 25.—A meeting of officers of the Order of Railroad Telegraphers to formulate demands for increased wages will be held here September 1, it was announced today. The organization has a membership of 80,000 railroad telegraphers in the United States and Canada.

RED CROSS WORKERS REMOVED FROM OMSK.

MORRIS ORDERS AMERICAN WOMEN SENT TO IRKUTSK; PANIC IS FEARED.

(BY CARL AND ASSOCIATED PRESS.)
OMSK (Friday) July 25.—(By Courier to Vladivostok.) All the American women Red Cross workers at Omsk, approximately sixty, were recently ordered sent to Irkutsk by Roland F. Morris, American Ambassador to Japan, who came to Omsk to make an investigation of the Kolchak government.

Government circles are dismayed, the belief being expressed that the removal of the Red Cross workers is calculated to precipitate a panic at Omsk, where nervous tension already is running high. M. Soukine, acting Minister of Foreign Affairs in the Kolchak government, requested that the removal of the women be accomplished with the utmost secrecy.

LONDON, Aug. 25.—Gen. Denikin, commander of the anti-Bolshevik forces in South Russia, has captured the town of Berislav, on the Dnieper River, in the government of Kherson, according to a dispatch today from Taganrog in the Don Cossack territory on the Sea of Azov.

Vladivostok is surrounded by insurgents and the town is filled with refugees, according to a Bolshevik wireless received here. It states that a Japanese squadron has arrived at Vladivostok.

BISBEE DEPORTATION HEARING IN THEATER.

STRIKE BARS PRESENCE OF SOME DEFENDANTS SUMMERING IN CALIFORNIA.

(BY A. P. NIGHT WIRE.)
DOUGLAS (Ariz.) Aug. 25.—Hearing of testimony against 200 Douglas and Bisbee citizens, arrested last month on a blanket warrant charging them with kidnapping in connection with the deportations that followed the I.W.W. trouble in the Warren Copper Mining district two years ago, was started here this afternoon. Thirty cases were dismissed, five upon the request of County Attorney French, and the remainder because the defendants had already been given one hearing on the charge and bound over to the Superior Court for trial on their own request, ten days ago.

The majority of the defendants arrive here from El Paso on a special train. One of the largest theaters in Douglas has been taken over for the hearing.

Several defendants, who have been spending the summer in California, are absent because of the strike of Southern Pacific trainmen and probably will be given severance from the blanket warrant and their hearings held next month when the third group of cases will be called.

Justice W. C. Jackson, who is conducting the hearings, held court this afternoon from the stage of the theater, in the middle of a "forest scene" illuminated with special lighting effects.

Four witnesses for the State were called during the afternoon. They testified to having seen ten of the defendants running on the day of the deportations.

INJUNCTION SUIT WON BY BOTTLING COMPANY

(BY A. P. NIGHT WIRE.)

FRENCH TREATY IS HELD VALID.

Senate Subcommittee Says Germany Only Checked.

Protection for Sister Republic Our Safeguard.

Jones Urges Bill Abolishing All Conscription.

(BY A. P. MURPHY.)
WASHINGTON, Aug. 25.—Extending the scope of its public inquiry into the peace treaty, the Senate Foreign Relations Committee announced tonight a schedule of hearings that promise to occupy most of its time for the next two weeks, and to lead into the intricacies of political and territorial problems in several parts of the world. The disputed questions to be touched upon include the dispositions of Fiume, the Aland Islands and the German colonies in Africa, and the claim of Ireland for independence. On the list of witnesses are representatives of the Italian, Jugo-Slav, Hungarian-American, Greek, Irish, Lithuanian, Ukrainian, Estonian, Lettish and American negroes.
Under the arrangement, the time to be devoted to amendments to the treaty this week will be reduced from three days to two.
Chairman Lodge, announcing the decision after consultation with other committee members, said the hearings seemed essential to intelligent judgment. Democratic members, who said there had been an understanding that the committee could complete its report to the Senate this week, charged again that the treaty was held up needlessly by the committee majority.
It was agreed generally that if the plan was carried out, the treaty probably would not come out of committee before the end of next week.

SCHEDULE OF HEARINGS.

Under the schedule published today, the witnesses to be heard Tuesday are C. S. Williams, pastor of a negro church in Indianapolis, and Monroe Trotter of the National Equal Rights League. Friday representatives of the American Mid-European Association will appear on behalf of the Lithuanians, Ukrainians, Estonians and Lettish. Saturday morning will be given to the Irish and the afternoon to the Greeks.
Eugene Pivany of the Hungarian-American Federation will be heard next Tuesday, and on the following day, Alex Johnson of Chicago will make a statement about disposition of the Aland Islands. The question of Fiume is expected to be discussed thoroughly Thursday and Friday, when representatives of the Jugo-Slav and Italian respectively, have appointments with the committee.
It is likely that among the first proposed amendments to come before the committee at tomorrow's session will be a series presented by Senator Fall, Republican, New Mexico, to eliminate the United States from membership on various commissions which will carry out the reconstruction programme.
While Germany has been vanquished for the present, "nothing but force is likely to restrain her from seeking world domination at the earliest opportunity," in the opinion of the Senate Judiciary subcommittee appointed to report on the validity of the proposed treaty by which the United States would go to the aid of France in the event of an unprovoked attack by Germany.

In holding that ratification of the special defensive treaty would be constitutional, the subcommittee said it was for the interest of the United States that France should be allowed to recuperate and recover her old-time vigor.

"She will then, said the report, 'be a great shield and protection to us against the German menace in the future.'"

WRITTEN BY WALSH.

The report was written by Senator Walsh, Democrat of Montana, in collaboration with Senators Nelson and Kellogg, both of Minnesota, and Fall of New Mexico, Republican, and Senator Overman of North Carolina, Democrat, constituting the subcommittee.
"It will be seen," the report said, "that the covenant only aims at protection against Germany and that it is of a temporary character to be merged in and substituted by the majority of the League of Nations when that is established and put into operation."
Such a treaty is clearly warranted by international law and usage and is, therefore, within the scope of the treaty-making power of the United States.

The full committee deferred action on the report until next Monday.

HITS AT CONSTITUTION.

Withdrawal of the United States from the League of Nations within two years unless all member nations abolish conscription is proposed in a bill introduced today by Senator Jones, Republican, Washington. The measure also provides that the American representatives "shall not consent to any decision involving or requiring us to use military or naval forces unless expressly authorized or directed by Congress."

Another provision in the bill is that the American delegates to the league shall be elected by the people for a term of four years. Their salaries would be \$125,000 annually, and no person under 35 years would be eligible to election.

"ROBBERY" OF EGYPT TOLD.

Likewise Great Britain's legal position in Egypt to that of a highwayman. Joseph W. Folk, counsel for the Egyptian peace delegation, told the Senate Foreign Relations Committee today that the Versailles treaty proposed to validate the "robbery" of Egyptian independence.
Having occupied Egypt under the

NEW ARMY ORDERS BAR FAT OFFICERS.

HALF A DAY EACH WEEK GIVEN TO EXERCISE TO KEEP IN FIT CONDITION.

(SPECIAL DISPATCH.)
SAN FRANCISCO, Aug. 25.—Direct from Washington an order has come that puts an end to the fat army officers below the grade of brigadier-general which means such officers as colonels, majors, captains and lieutenants. A long treatise on the importance of health in the making of a good army received today at the Western Department, says that from now on officers of the army must see that they keep in good health and that they get plenty of exercise.

Juts to see that they get exercise, commanding officers at all stations and posts have been ordered to arrange so that each officer has at least half a day in each week, exclusive of Sundays and holidays, in which to take up his favorite form of exercise, which may be walking, swimming, tennis, golf, baseball, rowing, fencing, football, or any one of a dozen other sports that are specifically mentioned.

Written reports must be submitted to the commanding officer each month by the officers in his command certifying that they took the required exercise. In turn, the reports must be forwarded to Washington.

"I don't think there will be any great amount of weeping and gnashing of teeth at this order," remarked a Western Department executive as he read the order. "It's a good thing for the men and a good thing for the service. Incidentally it puts an end to the overly fat officer for surplus flesh will indicate that the orders are not being carried out."

Similar orders were issued by Secretary Daniels to all navy stations about a month ago.

STEAMER HITS ROCK AT BERMUDA'S PORT.

(BY A. P. MURPHY.)
HALIFAX, Aug. 25.—The Royal Mail Packet Company's steamer Chaudiere struck a rock in Two Rock passage off the port of Bermuda today, tearing a hole in her starboard side, but made dock safely, according to messages received here. Considerable water entered No. 1 hold and the steamer will be unable to continue her voyage to Barbados and Demerara.

The Chaudiere left here last Friday with eighty-eight passengers, most of them destined for Bermuda. The steamer carried a full cargo of Canadian products. It will be necessary to discharge the cargo and place the vessel in dry dock for repairs.

INSURES HONORABLE DISCHARGE FOR ALL.

Navy men who served in the war against Germany, and who have been discharged from service since the armistice was signed, do not have to serve the full term for which they enlisted in order to get a full honorable discharge. They may obtain such now by proceeding as follows: Forward to the bureau of navigation, Navy Department, Washington, D. C., the discharge originally awarded accompanied with the application for the honorable discharge. The bureau will verify all service, and if the honorable discharge is warranted it will issue the same without delay. Further information can be had at the navy recruiting station, 318 Union Old Building, this city.

HINDU CHANGES NAME, BECOMES CITIZEN.

Under the provisions of the law, providing for the naturalization of soldiers and sailors serving in the army of the United States, the following aliens were granted American citizenship by Judge Bledsoe yesterday:

George W. Hewitt, Gavin T. Kerr, Tara Singh, George J. Nico, George Morden and James Guilerio.

Tara Singh, a Hindu, served in the American army for more than a year in France, and was at the battle front when the armistice was signed last November. His name was changed by order of the court to John Tara.

Suits aren't the only thing considered. The letter shows the new long coat, full of wonderful diaphanous evening frocks, some of them with tight sleeves over which the skirt floats like an airy tulle. The afternoon frock is heavily sleeved, with subtle lines and draperies about the hips. There are, Poirot, too—several pages of the most beautiful frocks from the French races—two new materials—a sheaf of piquant frocks from the Hotel Murat.

are three articles on trawlers to be found in the American pages—wreckless and still and trimmings—that will show you just what to buy for your own costumes. There are pages of New York fashions at their best. The Limited Income department considers half a dozen suits of much chic at little cost. The Shopping Service also covers everything you'll find this summer, from frocks to lingerie—all priced and purchasable.

And there are twenty-two pages of that invaluable Vogue feature, the Vogue Patterns—the best of the made in the most wearable form.

All this—your clothes problems settled for six months—you may get for thirty-five cents. Isn't that your idea of a bargain?

ANSWER TODAY FOR STRIKERS

Await Los Angeles Railway Reinstatement Dictum.

Mediation Board Transmits Demands to Company.

Discharge of Loyal Carmen Said not to be Asked.

The Mayor's board of mediation is to meet at the City Hall at 10 o'clock this morning, at which time it is expected the Los Angeles Railway will give its answer to the demand of the strikers that all men who left the company's employ be reinstated with the same status as they held before the strike.

Dr. Byron H. Wilson of the mediation board authorized the statement that the strikers had not demanded that the loyal men of the company be discharged. The strikers have asked that, pending arbitration, all strikers be reinstated at the same status they held previous to going on strike. The company has this far taken the stand that men who struck must be reinstated and it will be given to all except those who were guilty of violence and law-breaking during the strike.

When the board of mediation met at the City Hall yesterday morning it first received a delegation representing the strikers' men from the Los Angeles Railway. They submitted their statement, to the effect that all employees who have left their work must be reinstated with the same status as that which prevailed before they went out, and that this must precede further consideration of the present difficulties.

TO CONSULT FAITHFUL.

After hearing this delegation, the board of mediation held a conference with General Manager Kuhrt and S. M. Haskins of the railway corporation, and laid before them the last communication from the strikers. Mr. Kuhrt stated it would be necessary to call together the men who have remained faithfully in the employ of the corporation and learn their sentiments regarding the return of the strikers, as he stated some of these men had declared they would leave the service if the strikers were reinstated.

The latest proposal of the strikers reads:

To the Honorable Board of Mediation of the City of Los Angeles:

After careful consideration of statements made by General Manager Kuhrt of the Los Angeles Railway, we wish to call attention to the fact that if collective bargaining had been agreed to prior to midnight, August 15, 1919, we would have been reinstated with the same status as we held prior to August 15.

Second, all other matters pertaining to the present controversy and submitted by your honorable board will be given the same careful consideration in the future as has been given in the past.

Respectfully submitted,

[Signed] R. P. DIX,

Chairman, Committee of Employees of the Los Angeles Railway Company.

FOR CITY PURCHASE.

The City Hall committee of the United Improvement Federation, headed by A. R. Holston, D. B. Biddle, J. O. Capito and W. H. Savage, yesterday laid for presentation to the City Council a resolution containing a list of "whereas" clauses regarding the Los Angeles Railway Corporation and present conditions, and continuing:

Whereas, it is resolved that we hereby request prompt action be taken by the City Council and by the city and county to acquire the Los Angeles Railway Corporation, and

if possible, to take over the Los Angeles yellow car line system, with the understanding that the corporation will receive full value for their property and that payment for the same by the city will be provided for by bonds against the utility itself as provided for in State laws, said utility being a paying one will thus pay for itself, and not a burden on the people, but rather as an asset.

MOTORMAN IS BEATEN; PASSENGER IN JAIL.

AUTO HALTED ON CAR TRACKS TO HECKLE CREW; FIGHT AND ARREST FOLLOW.

A near riot was quelled by police squads on North Broadway last night after an automobile manned by two supposed strike sympathizers had halted traffic on that street.

A motorman was beaten on the street car, and a passenger was injured.

The street car was again started and was followed by the auto. Two blocks beyond, the motorman boarded the street car and engaged in a fight with the motorman, who promptly got out and ran. He was overtaken in front of 444 Workman street and was severely beaten before help arrived.

Squads from the East Side and Central Police stations responded to a call. Officers Charters and Royce of the East Side Station took young Russell into custody. He later revealed that he is a special deputy sheriff. He said his revolver was not loaded at the time of the attack, but he is held for investigation.

Motorman Burrell was taken to Receiving Hospital by Detectives Parsons and Box and his wounds were dressed.

PASSENGER INJURED.

TWO DEAD IN AUTO SMASH.

Stolen Machine Turns Turtle at Ontario.

Surviving Member of Trio Makes Confession.

Accident Caused by Depression in Street Paving.

(SPECIAL DISPATCH.)

ONTARIO, Aug. 25.—Pad Varello of Los Angeles and a man known to the Los Angeles police as "Nigger" are dead here tonight following an accident in a stolen motor car belonging to Dr. Thomas Rundle of Oxnard which turned turtle early this morning at A street and San Antonio avenue. John Rivers, a third occupant of the car, is being held by the officers in connection with the theft of the machine.

The accident occurred shortly after 2 o'clock this morning. "Nigger" died about 8 o'clock and Varello this afternoon. Rivers at first denied that he was in the death car before the accident. He gave the name of J. M. Lopez of 145 State street, Los Angeles, and declared that he had

chanced to be in the vicinity and saw the accident.

After lengthy questioning by the police the youth admitted that he had been in the machine and that he knew it had been stolen, but denied any part in the theft. He was recently discharged from a reform school at Jone. He declared that the trio were en route to San Bernardino to sell the car, which was stolen in Los Angeles yesterday and that the driver failed to see a depression in the paving at San Antonio avenue in time to slacken the high speed of the auto of which he lost control as it jumped into the air.

Rivers confessed his part in the transaction to E. N. Sanders, finger print expert of the Los Angeles police force, and H. C. Hickok of the theft bureau of the Automobile Club of Southern California. Accidental death was the finding of the coroner's jury following the double inquest this evening at Draper's morgue before Coroner J. B. Hanna.

YOUTHFUL NIMROD.

Boy of Eight Years Fined for Killing Deer.

VENTURA, Aug. 25.—Jack Harding, 8 years of age, is said to be the youngest person ever convicted in this State of unlawful deer shooting. The boy was hunting with his father and fired at a doe that leaped from a thicket, killing the animal. The boy's father took the deer to Forest Ranger Reyes and later paid \$50 for the offense in a justice court at Ojai.

STAGE BOOZE PARTY AT REDONDO BEACH.

FOUR ARE FINED FOR OVER-INDULGENCE IN JOY WATER.

(LOCAL CORRESPONDENCE.)

REDONDO BEACH, Aug. 25.—Four arrests were made here last night on charges of intoxication. This is a record for Redondo Beach, which has been on the dry list for some time. Two quarts of whisky and one bottle that had been smashed without breaking the seal were confiscated by the officers.

The police were called to South Pacific avenue about midnight by a disturbance created by a party of motorists. Investigation developed the fact that they were under the influence of liquor, according to police reports. The driver was attempting to start the machine and was arrested on a charge of driving an automobile while intoxicated. Other members of the party were charged with drunkenness. They were brought before Judge E. H. Miller this morning and fined. The driver, B. F. Graves, was given \$40, the other two, Porter Cypher and W. Cypher, \$20 each. They gave their residence as Torrance. The men were on their way home from Playa del Rey, it is said. Peter Todd of Los Angeles was found asleep on the sidewalk a short time before and was also fined \$20 this morning.

BOLD HOLD-UP AT SAN PEDRO.

Two Bandits Rob Drug Store of Narcotics and Money.

Force Proprietor Into Room in Rear of Establishment.

Robbery Committed on One of City's Busiest Corners.

(SPECIAL DISPATCH.)

SAN PEDRO, Aug. 25.—Two young men, believed to be victims of the drug habit, entered the store of L. P. Knes, at the corner of Twelfth street and Pacific avenue, shortly after noon today and robbed the store of all the cash and narcotics on hand. The proprietor, at the point of revolvers, was forced to enter a lavatory at the rear of the store, where he was locked in.

About \$300 was taken from the cash register. Knes was released ten minutes after the highwaymen left, by a customer who heard his cries for help. The highwaymen were described by Knes as being about 19 or 20 years of age, and of tall complexions.

Their appearance and the fact that they took time to take all the narcotics in stock indicates that money may not have been the principal object of the hold-up. After leaving the store the men ran around the rear of the establishment to an automobile waiting on Eleventh street. In the machine, according to witnesses, were two other men and a woman who wore a purple sweater and a large black hat.

Before entering the machine the men exchanged their caps, which they had pulled down over their eyes, for hats. The automobile was driven rapidly east on Eleventh street and was not seen again. Police in all near-by towns were notified.

John Sivert, who conducts a barber shop and pool hall next door to the drug store, said that a young man who had been in his place most of the morning, disappeared about the time of the hold-up. It is believed that he was unable to give a coherent account of the robbery until some time after he had been released.

The corner where the robbery was committed is one of the busiest on Pacific avenue, the main thoroughfare through San Pedro, although ten blocks from the business center.

ARREST SPITE WORK. DECLARES WOMAN.

DIVORCED HUSBAND THE CAUSE OF TROUBLE SHE TELLS POLICE.

(SPECIAL DISPATCH.)

SAN DIEGO, Aug. 25.—J. Ridgeway, Pomona contractor, Mrs. Catherine M. Mylo of Los Angeles, are held here on \$2500 bail each, charged with cohabitation and adultery. The couple were arrested after they arrived from Los Angeles as they were entering a hotel at Coronado, Saturday night. Mrs. Mylo had been followed here by a private detective who caused her arrest.

Mrs. Mylo, a handsome woman of 30 years, said today her arrest was a case of spite on the part of her ex-husband from whom she was divorced in April. Mylo arrived here today but did not see his wife in the jail, although he visited the District Attorney with a story of a broken and ruined home.

Mrs. Mylo says she was arrested under a charge that was false and that her relations with Ridgeway were perfectly proper. Scraps of paper placed together by Marshal O'Donnell of Coronado, who says Ridgeway told them to indicate that another woman wrote to Ridgeway in endearing terms.

NAVAL PUBLICITY.

Marine Flyers Make Photographs on Way to San Francisco.

(SPECIAL DISPATCH.)

SANTA BARBARA, Aug. 25.—Lieut. W. L. Richardson, naval aviation publicity officer, reached Santa Barbara at 2:30 o'clock this afternoon with three flying machines, having left San Diego at 8:30 o'clock this morning. The flyers made a pretty landing after circling the town, and are now anchored in front of the Belvedere. They leave at 9 o'clock Tuesday, stopping at Port Harford for gasoline and oil, and then go on to Monterey, Pacific Grove and Santa Cruz. They are taking photographs from the sky en route to San Francisco.

POMONA MAN HONORED

Puts Knowledge Gained in War to Good Account.

(LOCAL CORRESPONDENCE.)

POMONA, Aug. 25.—A distinct honor has been received by another Pomona boy. He is Lieut. Frank Seaver, son of Mr. and Mrs. Carlton Seaver, well-known residents of this city. In a letter from New York he informs his parents that he has successfully passed the examinations which entitle him to command ships of any tonnage including the ocean liners. During the war Lieut. Seaver served in the navy and was, for some time, on the cruiser Pueblo which was engaged in chasing German raiders.

He states that he has no intention of following the sea as a profession, but desired to take the examinations for the satisfaction gained in the knowledge that he is capable of the larger task. For some time he has been president and general manager of the Naval Overseas Transportation Service, which has charge of returning to the private owners the ships which were taken over by the government during the war.

"GOBS" LIKE THE MOVIES

Sailors of Pacific Fleet Become Great Picture Fans.

(BY A. P. CORRESPONDENCE.)

SANTA BARBARA, Aug. 25.—The one thing in Southern California that excited the greatest interest among the officers and men of the Pacific Fleet—to judge from views expressed—is the motion picture. Many have visited one or more of the numerous motion-picture plants in and around Los Angeles. The "movie" people have taken many pictures of the ships and of the officers and men for exhibition purposes, and many stars of the screen, men and women, have exchanged calls with the officers.

Motion pictures provide almost nightly entertainment for both men and officers. On the way to this Coast, a fifteen-episode feature was thrown upon the screen erected on the quarter deck of the New Mexico. The wardroom officers of the ship own a projecting machine, and when it is too cold or rough for quarter deck exhibitions, have "movies" of their own.

FAIR AT DOWNEY.

DOWNEY, Aug. 25.—The fourth annual Downey community fair will be held Thursday and Friday, August 28 and 29. Larger and more varied exhibits in the farm product and fruit departments have been promised than in former years, while the exhibitors in the mechanical tent far exceed in numbers the expectations of the managers of the fair.

An attendance of 6000 has been recorded in former years and arrangements are being made to entertain 10,000 people this year. Those actively behind the project are: W. M. Booth, president; W. L. Fuller, secretary; W. C. Springer, treasurer; J. H. Sirtie, E. F. Witherspoon, E. S. Hass, W. A. Neiball, H. Koopman, J. L. Doherty, J. Ed Van Matre, S. L. Moore, E. J. Case, W. H. Morrow, G. B. Kellam and Mrs. Mary Bartels, members of the Executive Committee.

VENEER PEELS, SHOWS SAVAGE.

Most People Cultured Pagans, Says Adventist Preacher.

Medical Demonstration will be Given in Camp Today.

Elder to Speak on Supreme Court of Universe.

That esthetic culture without education of the heart in Christian principles is at best only a veneer, which, under stress, either cracks or peels off and reveals the raw savage, was the statement of Prof. Marion E. Cady of Berkeley, educational superintendent of the Pacific Union Conference of the Seventh Day Adventists, in an address at the annual camp meeting of the Southern California Conference at Western and Melrose avenues Hollywood, yesterday.

"While religious training is preeminently important in the work of education, yet Seventh Day Adventists believe that our nation has failed wisely in leaving this important phase of pedagogy to the home and the church, not forcing religious instruction upon those who are opposed or indifferent to religious matters, thus granting liberty of conscience to all," said Prof. Cady. However, this training should be given in the home and in the church.

The speaker called attention to a significant statement by Prof. Carl H. Kappeler, president of the Southern California Conference, who said that "for nearly two decades the new education has tolled with unparrying passion and with colossal confidence, and has produced a 'cultured pagan'."

"I am not here to criticize the public schools," said Prof. Cady. "They have no right to teach religion, but if boys and girls do not get a knowledge of Jesus Christ somewhere they are not truly educated." World inventions of the twentieth century, and their meaning, were discussed by Elder C. O. Gilbert, of Lancaster, Mass., who said present-day wonders were foretold in the Bible by Daniel.

Stupendous evidences of the messianic of Jesus, abundant proofs of the authenticity of the Scriptures, and current events in harmony with Bible prophecy, have left astonished, incredulous and astounded, as well as higher critics, without any excuse whatever for doubting the Bible, he said.

Today's programme follows: At 11 a.m. J. W. Christian, 3 p.m. J. W. Christian, 5 p.m. practical free medical demonstration, 8 p.m. Young colonial society, 8 p.m. Elder F. C. Gilbert on "The Supreme Court of the Universe." The meeting will continue daily throughout the week and next Sunday.

CHARGES VIOLATION OF FEDERAL LAWS.

UNITED STATES OFFICER TAKES CAFE OWNERS INTO CUSTODY.

(SPECIAL DISPATCH.)

SANTA BARBARA, Aug. 25.—William Wallick and J. J. Chambers, proprietors of Delmar Cafe at Pismo Beach, were brought here today by agent F. L. Turner of the bureau of investigation of the Department of Justice, charged with violating the War-time Prohibition Act.

It is charged they sold Turner a supply of intoxicants. Pismo was running wide open when the Federal officer dropped in to look over the locality in advance of the arrival of the Pacific Fleet. The accused will be taken to Los Angeles Tuesday and arraigned before the United States Commissioner.

BIG BOND FORFEITED.

Burglary Defendant Fails to Go to Court; Hunted Now.

A bond of \$2500 was forfeited yesterday by W. E. Carter, charged with burglary, when he failed to appear for trial in Superior Judge Taft's court. A bench warrant was issued for his arrest.

Carter was indicted with Earl Marsailles on the charge that they broke into the establishment of the Burton Tire Company last May 10 and stole twelve automobile tires valued at \$240. Marsailles pleaded guilty in Judge Taft's court last week and will appear this morning to ask probation and be sentenced. Moran Watson yesterday with charge of burglary and entered a plea of guilty. Application for probation will be heard and he will be sentenced September 8.

HALT AND LAME IN TRACK MEET.

[BY A. P. NIGHT WIRE.]

DES MOINES (Iowa) Aug. 25.—Five of the largest reconstruction army hospitals in the United States this afternoon were to participate in a telegraphic track meet for wounded men only, the first of its kind in the country. At each hospital events of the same kind were to be held, and the names of the first and second, with the time and distance in each event telegraphed to Surgeon Gen. Ireland at Washington, who was to act as judge.

Unusual contests were on the programme, among them being 50-yard dash for patients in the hospitals, 30-yard hop for men with single amputations, a 50-yard wheel chair race for men with double amputations, and 30-yard crutch race for men with single amputation or leg injuries necessitating use of a crutch.

Curtis field. By 2:33 seven machines had started on the second leg of the flight to Syracuse.

MINEOLA (N. Y.) Aug. 25.—The first of twelve planes which started from Toronto this afternoon on a round trip flight to Mineola in the International Air Derby, landed here tonight at 7:11 o'clock. The plane, a DH-9 with 400-horse-power Liberty motors, was piloted by Sergt. C. B. Coombs. Two other machines arrived a few moments later.

MINEOLA (N. Y.) Aug. 25.—Three fast airplanes swooped down on Roosevelt Field here tonight, completing the first leg of their round trip flight between Toronto and Mineola, in the first international aerial derby.

Sergt. Frank Coombs, a Canadian aviator, flying a DH-9, with 400-horse-power Liberty motor, was the first arrival, landing at 7:11 o'clock—just six hours and eleven minutes from the time he started on the 560-mile course at Toronto.

His actual flying time, however, was only three hours and thirty-five minutes, stops having been made at Buffalo, Syracuse and Albany. Roland Rohlf, famous American test pilot, who was the first flyer to hop off at Toronto despite the

MONTEREY TO WELCOME SAILORS WITH SPORTS.

[EXCLUSIVE DISPATCH.]

MONTEREY, Aug. 25.—During the visit of the new Pacific Fleet to Monterey Harbor, this week, the officers and enlisted men together with the thousands of visitors will be treated to varied and interesting programme of sporting events. At the Del Monte fields on Tuesday, Thursday, Saturday and Sunday afternoon, crack polo teams will be in competition to give our sea fighters an idea of the exciting sport on horseback.

At the Del Monte course the leading golfers of the State will be in practice tilts throughout the week for the opening of the California championship tournament on Saturday. These matches are expected to attract a great deal of interest. On Saturday afternoon there will be a ball game between the all-star team and the all-army team. On Tuesday and Thursday afternoons there will be other diamond contests.

On Friday afternoon Louis Trenor is arranging a navy vs. army boxing show in the open air. The fleet will be represented by five of its champions and the army will send to the ring opponents to go against them.

On Saturday there will be a navy cutter race in Monterey Bay for a beautiful trophy set up by local citizens; a water fete at Pacific Grove on Thursday, in which service men will compete in swimming, canoeing and other contests and a wild west rodeo at Del Monte race track on Wednesday afternoon are other events which will attract attention.

In addition, there will be exhibitions on the Del Monte and Pacific Grove tennis courts and in the local bathing pools. There will be more sports at Del Monte and Monterey than ever before in their history. Old time natives have been known to boast of the sports which were promoted when Spain owned this country, but the bull fights and the other contests of those days promise to be shoved far into the back ground.

TOMMY MURPHY AKES MOST CIRCUIT RACES.

Returns from the first loop of the Grand Circuit racing events show that 165 races were decided at the five meetings in Cleveland, Kalamazoo, Toledo and Columbus, 62 having been for trotters and 43 for pacers. Of the entire number Tommy Murphy won 39; Walter R. Cox 12; Charles A. Valentine 10; Ed Geers and Henry Thomas 7 each, and Harry Stokes 1.

FRENCH TENNIS EXPERT WINS.

[BY CABLE AND ASSOCIATED PRESS.]

DEAUVILLE (France) Aug. 25.—Play in the semifinal rounds of the Davis cup tennis matches began here today. Andre H. Gobert, the French player who won the international singles championship in June, defeated Davson, England, 7-5, 6-4, 4-6, 6-4.

Play will continue tomorrow and Thursday to decide whether French or English players are to meet the Australian holders of the trophy.

KNIGHTS OF COLUMBUS TO STAGE "OLYMPIC."

Formal announcement of the details for the great Olympic meet for all soldiers, sailors and men of the Marine Corps who participated in athletic meets with the American Expeditionary Forces, and including theaters who captured laurels at the inter-Allied games at the Pershing Stadium, France, were given out by the Knights of Columbus yesterday. The assembly which is to bring together the great array of service stars, athletes who attained the highest merits abroad, will be held under the supervision of the Knights of Columbus at Camp Dix on Saturday, September 6.

All the major plans have been put under the supervision of Frank A. Wandle, Knights of Columbus secretary at the New Jersey camp. He will be assisted by Sam Dallas of the national A.A.U. and they have both announced that already some 1600 entry blanks have gone out to the men who are eligible, inviting them to compete in the Olympic.

Every effort is going to be exerted to have President Wilson attend the affair. Newton D. Baker, Secretary of War, has promised to keep his official list of appointments clear in order to be on hand on September 6. Mr. Baker is very enthusiastic over the Knights' Olympic, chiefly because it will bring together on American soil the former warriors of which the army was justly proud. He recently told Messrs. Wandle and Dallas that the War Department will do anything in its power to make the meet a "howling success."

SPORTS FOR STUDENTS.

The Annapolis Academy course in athletics will fit midshipmen to take up the conducting of various sports programmes among the sailors on ships and naval stations.

MEXICANS LEARN BASEBALL.

EL PASO, Aug. 25.—The three sons of Gen. Felipe Angeles, a Mexican revolutionary leader, are learning the strategy of American baseball instead of Mexican battles. Senora Angeles and her family live here, and the Angeles boys, who speak English and have learned all the slang of the baseball field, play with their American neighbors daily on the sand lots beyond their home on Wyoming street. All attend the American schools here.

Los Angeles may Rightfully Claim that Name.

TENNIS CENTER OF THE WORLD.

Los Angeles may Rightfully Claim that Name.

Always Something Doing Here Tenuistically.

Knockers from East are Given Correct Dope.

Who said that tennis was done for—that all the tennis alive was being played in the East—who made the statement that the racket-wielding center of the world was on "other side of the old Mississippi"—and that the tennis played was of a "mediocre brand?" Well, not to mention names at all but just to come back at some dabbler in non-facts, we would just give a few examples of the ever-increasing enthusiasm for the famous net game.

A number of persons, tennis people to be exact, made similar remarks of derogatory nature and jarred naturally riled us up. The very idea that any person could get that kind of a biased viewpoint! But somebody was right when they said that "The East is East and the West is West, and never the twain shall meet." At least, never a mutual agreement as to relative tennis values.

MANY TOURNEYS.

The Pacific Coast championships, the Southern California ditto, the Catalina tournament and seven others have just been played, and still there are others in the offing for the near, very near, future. One of them, the city championships, will bring out the biggest aggregation of Southern California stars ever seen together in one tournament.

Word has just been obtained from Frank Smith of Tufts-Lyon Company, of the formation of a new tennis league to be known as the Los Angeles County Tennis League. Said combination will consist of teams from Echo and Exposition Parks, Sunset Beach, Hollywood, Whittier, Arroyo Seco, Long Beach and a Tufts-Lyon team.

Four cups are being offered to the club having the largest number of match wins at the end of the scheduled play. Tufts-Lyon, in order to show the public they are back of tennis, are the donors. Play in the inter-team schedule will consist of six singles matches and three in doubles. For the opening of the schedule Echo Park last Sunday afternoon beat the Exposition Park team five matches to two. Tufts-Lyon beat Whittier, eight to one.

Two tournaments are scheduled for this next Sabbath, Echo Park vs. Arroyo Seco and Tufts-Lyon vs. Venice. So things are going well in their way giving the lie to overzealous boosters of the "only eastern tennis."

While "The Gray Horizon" is not that drama, it is nevertheless intense, human and intriguing, and the best story Mr. Hayekawa has told in some time. It is superior in continuity, and is played in very splendid fashion.
